

**2007 GAWP Gold/Platinum Award Application**  
**Drinking Water Treatment Plant Facilities**  
 Permit Performance for Calendar Year 2007

The 2007 GAWP Gold/Platinum Awards Program recognizes facilities with no **MCL permit violations**

**Standing Policy!** The 2007 Program **includes** record keeping and monitoring violation criteria.

A violation of recordkeeping and/or monitoring requirements **DOES** preclude a facility from receiving the Gold/Platinum Award for 2007!

**National Primary Regulated Organic Contaminants**

Your system has been evaluated for the presence of organic chemicals (SOC's and VOC's). This evaluation and monitoring occurs on differing schedules. If you have had any of these chemicals **detected** in your finished water system during calendar year 2007, (even if this was **not** a violation), please complete the table below:

Parameter	Units	Results of 2007 Analysis	Date	Below MCL?		Violation?	
				Yes	No	Yes	No

**Total Trihalomethanes (TTHM) Sampling**

How many TTHM samples do you currently collect per quarter? \_\_\_\_\_

Please list the running average of THM4 (as a group) of your system for the four quarters of 2007 :

Quarter (Month/Year)	Running 4-quarter (annual) average
_____	_____ mg/L
_____	_____ mg/L
_____	_____ mg/L
_____	_____ mg/L

**Other Finished Water Quality Parameters with Maximum Contaminant Levels Regulated in Your Permit**

Parameter	Units	Results	Note: Result values should indicate highest level reported for permit compliance in 2007.

**Microbiological Sampling Parameters**

If collecting < 40 samples per month, please indicate the highest positive total coliform count found for any given month during calendar year 2007.

\_\_\_\_\_ Month \_\_\_\_\_ # positive

If collecting > 40 samples per month, please indicate the highest % positive samples found for any given month during calendar year 2007.
